SECURITIES ARE POOR

REAL ESTATE TRUST COMPANY
OF PHILADELPHIA UNABLE
TO MEET OBLIGATIONS.

CONCERN'S PRESIDENT DEAD

BELIEVED THAT PROMINENT FI-
NANCIER ENDED HIS LIFE
WITH DOSE OF POISON.

Philadelphia, Aug. 29.—Unable to meet its obligations because of a large amount of money loaned on insufficient securities by its president, now dead, the Real Estate Trust company of Philadelphia, which up to last Saturday was considered one of the strongest financial institutions in the city, closed its doors Tuesday. Soon afterwards George H. Earle, Jr., was appointed receiver. The liabilities are placed at \$10,000,000, against which there are quick assets of about \$3,500,000 and collateral of about \$3,000,000 which is not negotiable or readily convertible. This doubtful collateral is held as security for loans of about \$5,300,000 made to Adolf Segal, a promoter of this city.

The man responsible for the failure was Frank K. Hipple, one of Philadelphia's best known citizens, who died suddenly last Friday morning in his country home at Bryn Mawr, near here, under circumstances which, in the light of Tuesday's developments, lead to the suspicion that he may have committed suicide. Mr. Hipple, in addition to being president of the Real Estate Trust company, was the treasurer of the board of trustees of the general assembly of the Presbyterian church in the United States and of several other church funds, and was a director of the Franklin National bank. Recently Mr. Hipple's accounts of the Presbyterian church were examined by certified accountants and were found to be correct, but it cannot be stated positively whether those belonging to the general assembly are intact, although it is hoped they are.

Held Church Funds.

Dr. W. H. Roberts, stated clerk of the general assembly of the Presbyterian church, who is at Mount Pocono, said he was greatly shocked at the news of the failure. In addition to the deposits of the general assembly, the Real Estate Trust also had about \$25,000 of funds placed there by Dr. Roberts as stated clerk. The Presbyterian hospital of Philadelphia and the Presbyterian board of relief, he said, also had sums of money in the failed institution. Dr. Roberts was asked if he could say whether the securities of the general assembly, amounting to \$963,896, in Hipple's custody were intact. He replied: "I have no reason to believe otherwise, but cannot say positively."

"Were these securities in such shape that they might have been hypothecated or transferred?"

"I do not know positively as to that."

Heart Weakness

The action of the heart depends upon the heart nerves and muscles. When from any cause they become weak or exhausted, and fail to furnish sufficient power, the heart flutters, palpitates, skips beats; and in its effort to keep up its work, causes pain and distress, such as smothering spells, short breath, fainting, pain around heart, arm and shoulders. The circulation is impeded, and the entire system suffers from lack of nourishment.

Dr. Miles' Heart Cure makes a heart strong and vigorous by strengthening these nerves and muscles.

"I had palpitation and pain around my heart, and the doctors said it was incurable. I don't believe it now, for after taking six bottles of Dr. Miles' Heart Cure, three bottles of the Nerve and Liver Pills I am entirely cured, and feel better than I have for five years, and it is all due to these remedies. I want you to know that your medicines cured me. It relieved me from the first dose, and I kept right on till the pain in my chest was gone, and I kept on feeling better even after I quit taking it." JOHN H. SHERMAN, Belding, Mich.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.

but I do not think they were."

Dr. Roberts was much affected by the failure. He had known Mr. Hipple for many years and the bank's collapse, he said, had greatly grieved him.

For the loans to Adolf Segal, Hipple accepted as collateral securities of the Majestic hotel, the Swedish Steel company of Lancaster, Pa., and the Pennsylvania Sugar Refining company of this city. The steel company and the sugar refining concern have never been placed in operation. Segal claims the collateral he gave is good and that he will meet all his obligations.

There are others to whom Hipple loaned money on insufficient security, but these names have not been made public and the sums are not believed to be large. How far Hipple benefited in the loans made or whether he was merely the tool of others is yet to be determined.

Could Not Raise the Money.

While the depositors were supposedly placing their money with the Real Estate Trust company the directors were making strenuous efforts to tide the institution over the difficulty. All day Monday they worked but it became apparent shortly after noon Tuesday that the crash was inevitable. Application papers for a temporary receiver were prepared and left at the offices of the trust company, after which the directors went to the meeting of the clearing house association to make a last appeal for help. The directors stated that they needed \$7,000,000 but the best the banks could do was to guarantee \$3,500,000. This was not enough and as all other means for getting money had failed, Vice President Houston telephoned to the bank to suspend business and send the receivership papers to court. In an incredibly short time the story was on the street and created great consternation. Hundreds of persons gathered about the building clamoring for information and the crowd grew so great that a detail of police was sent for to clear the street. There was no disorder.

The application for the receiver says that the company has a paid up capital of \$1,500,000, an apparent surplus of an equal amount and deposits of about \$10,000,000. The assets are real estate in Philadelphia, loans upon collateral upon demand and on time and other securities. President Hipple, the application says, "by false reports to the directors of the loans made by him brought about the condition of the company, which was first discovered by the officers of the bank subsequent to the death of the president." The court then appointed Mr. Earle receiver and he entered security to the amount of \$1,000,000.

Mr. Earle held a lengthy conference with the directors and officers of the company at which the receiver was put in possession of the real conditions so far as the officials could inform him.

In a statement to the public Mr. Earle expressed the hope that he may soon be able to recommend a plan to the depositors that will better serve their interests and terminate his services.

Persistent rumors that President Hipple committed suicide were borne out Tuesday night when it was authoritatively stated that he took his life at his home last Friday morning. Mr. Hipple is said to have taken a dose of laudanum with suicidal intent. While still conscious he filled his bathtub with water and later was found apparently drowned.

Mr. Hipple's family decline to make any statement on the subject and the physicians interested in the case decline to be interviewed regarding the suicide theory.

VISITS PACKING PLANTS.

Secretary of Agriculture Wilson Inspects Those at Chicago.

Chicago, Aug. 29.—Secretary of Agriculture Wilson spent part of Tuesday at the stock yards inspecting the packing plants. He was shown through the cattle and hog killing departments, and spent considerable time in each. He was especially interested, however, in the canning departments of the various plants and studied them closely. At the conclusion of his visit to the stock yards he expressed himself as greatly pleased with the excellent sanitary conditions he found.

Secretary Wilson left for Washington late in the afternoon.

Fire in Oil Fields.

Beaumont, Tex., Aug. 29.—A boiler exploded in the Keith Ward tract, at Spindle Top, at 9:30 p. m., setting fire to oil storage tanks and derricks. The fire, which started on the southwestern end of the old tract leased by the Sunset Oil company on Spindle Top, swept over six acres of the field but is believed to be under control. The damage will not exceed \$50,000.

New York Not Affected.

New York, Aug. 29.—The Real Estate Trust company did not have extensive connections here. The Bank of New York, which was its correspondent here, announced that the trust company had a balance of only \$15,000. The failure will have no local effect upon banking matters.

OFFER OF CLEMENCY

DOES NOT SEEM TO APPEAL VERY
STRONGLY TO THE REVOLU-
TIONISTS IN CUBA.

GOVERNMENT DISAPPOINTED

REBELS NOT ACCEPTING THE OF-
FER OF IMMUNITY AS RAP-
IDLY AS EXPECTED.

Havana, Aug. 29.—In the absence of news of fighting between government and insurgent forces interest centers in the government's offer of clemency to those of its enemies who will lay down their arms and return to their homes. While press and public regard the offer as an important incident of the conflict, the result thus far has not been what the government seemed to anticipate. Citizens generally are unwilling to predict its results and it was criticised in many quarters because it does not fix a time limit for the laying down of arms, thus giving the insurgents time to test their cause a while longer and still reserve the opportunity to quit their cause when they are satisfied there is no chance of success.

Residents of the country districts of the Havana and Pinar del Rio provinces uniformly speak respectfully of the size and conduct of the insurgent bands, and it is asserted that the people of more remote districts unquestionably are with them. The revolutionary forces do not appear as yet to have greatly diminished and there are no signs of the laying down of arms; but it is too early to expect that response to Secretary Montalvo's order.

The first frank outright discussion of the Platt amendment as bearing on the situation will appear in the Diario de la Marina, the oldest established Spanish organ and the most conservative, as it is one of the most reliable newspapers in Cuba. The editorial article, which was written by the chief editor, Nicholas Rivero, a prominent member of the Spanish element, says:

Intervention Probable.

"Some people admit that the present rebellion is over. We do not know whether they are right, but we do know that it should end quickly. If the insurrection does not end quickly there will be American intervention. If the war lasts long and the United States does not intervene the Platt amendment will be a failure. In the fewest words, intervention would mean the loss, or at least the diminution, of Cuban independence. The lack of intervention, were the war to continue long, would be equivalent to the annulment of guarantees which up to the present induced foreign capitalists to invest their funds in Cuba. If, instead of warranting peace, solvency and security in Cuba, the Platt amendment is to be restricted solely to the protection of American interests, it is almost certain that English, American and Spanish money should not have been invested in Cuba in such amounts as they have during the past year."

Enlistments and other war preparations proceeded more rapidly than ever Tuesday. More volunteers have started for Pinar del Rio. The force there now is about 400, while that at San Juan de Martinez is 800. Extra precautions are being taken to guard the railroad between Pinar del Rio and San Juan de Martinez in anticipation of Guerra sending a force against it. His strength is augmenting so much that he may undertake to carry out his threat of destroying bridges and wrecking trains. No special precautions have been taken as to other railroads as they are not threatened with molestation.

People Are Nervous.

The forwarding of troops and ammunition to Batabano gives rise to the belief that some insurgents have landed on the south coast of Western Pinar del Rio. The people of Northern Pinar del Rio, beyond the mountain range, are nervous. A coasting steamer arriving Tuesday brought the news that many of them are fearful of molestation, but that there is no insurrection in that part of the province.

Captain Asberts' band was reported near Havana Tuesday in considerably larger numbers. The people of Central and Southern Havana province do not greatly fear this band, as its behavior thus far has been excellent.

General Betancourt, commanding the troops in Matanzas, reported Tuesday that Matanzas was clear of insurgents. News from Santa Clara province comes in slowly and is less reliable.

The construction of earthworks for the defense of the city of Pinar del Rio is being pushed. It is stated there that a considerable number of

insurgents have deserted and gone to their homes, asserting that they were deceived by those who induced them to join the revolt.

There have been some disturbances and shootings at night at towns on the Western railroad.

Scattering reports are coming in that some of the insurgents are taking advantage of the government's offer of pardon and laying down their arms. None of the insurgent generals has yet done so.

ON THEIR OLD SITES.

Villages and Towns of Chile Will Be Rebuilt.

Santiago, Chile, Aug. 29.—President Riesco Tuesday expressed the belief that all the villages and towns of Chile that lost seriously by the recent earthquake will be rebuilt on their old sites. The Chilean people, the president said, will always be grateful for the generosity and self-denial of the foreign colonies in Chile and particularly the Italians at the moment of disaster.

President Riesco said the electric light system would soon be in operation in Valparaiso, that the city would speedily establish the tramway service and that the customs service would soon be reorganized. He promised that before long the courts would resume their sittings. The prisoners in the Valparaiso jail, except such as are known to be dangerous and those who are serving second terms, have been set to work on the improvement of the port.

Commerce is picking up and matters are beginning to move with regularity. The government continues to buy building material for use in repairing public buildings.

The president eulogizes the work of the authorities in procuring and distributing food, of which there is an abundance. Distributions of provisions are made daily, but every able-bodied man is required to work.

It is believed that the number of injured in Valparaiso will not exceed 700, most of whom are being cared for by their own people. It is impossible to state exactly the number of casualties.

In a few days the railroad service between Santiago and Valparaiso will be restored to its normal footing.

President Riesco believes that as a consequence of the preventive measures taken by the authorities immediately after the earthquake danger of an outbreak of sickness has been averted. The water supply of Valparaiso has been completely restored and the sewerage system will soon be re-established.

Man and Girl Drowned.

Fredonia, Kan., Aug. 29.—Dewitt Adams, aged twenty-seven, and Miss Carroll Jones, aged seventeen, while returning from church near here, were drowned in attempting to ford Fall river.

Bulgarians Victorious.

Salonica, European Turkey, Aug. 29.—At Carioftcha, on Aug. 26, a band of Bulgarians defeated a mixed Greek-Turkish band, killing nine of the latter.

THE RAILROAD RATE LAW.

Conference Held at Washington on New Statute.

Washington, Aug. 29.—To discuss certain phases of the railroad rate law which took effect Tuesday, there was a conference between members of the interstate commerce commission and representatives of the railroads and shippers of the country. The railroad officials present numbered thirty-four, among whom were Vice President Caldwell of the Delaware, Lackawanna and Western; Vice President Grammer of the New York Central; General Counsel Massay of the Pennsylvania, and General Counsel Clardy of the Missouri Pacific, while F. T. Bentley of Chicago, J. A. Farley of Dallas, Tex., and James Maynard of Knoxville, Tenn., were among the speakers for the shippers.

The American Shippers' association and the Illinois Manufacturers' association were represented.

The railroad representatives uniformly gave assurance of their intention to fully comply with the new law, but presented their views as to the operation of certain provisions, among the points urged being an extension of time in which carriers may file their tariffs with the commission; continuance of the present method of posting tariffs; objection to any change in export and import rates pending a full hearing; and the absolute concurrence of all the carriers interested before the establishment of joint rates.

The shippers urged the protection of their interests, particularly against the railroads shifting classifications so as to put up rates and contending for the discretion of the commission in the export and import changes and for the publication of tariffs in the full acceptance of that term.

H. F. MICHAEL CO.

RECEPTION TO BRYAN

PROGRAMME OF OFFICIAL RECEPTION TO THE NEBRASKAN IS ANNOUNCED.

FOLK WILL WELCOME HIM

GOVERNOR OF MISSOURI WILL BE THE FIRST TO GREET RETURNING TRAVELER.

New York, Aug. 29.—The programme of the reception to be accorded to William Jennings Bryan on his arrival in this city on Thursday was given out by the reception committee Tuesday night.

The official reception will begin with the arrival of Colonel Bryan at Pier A, North River at 4 p. m. Thursday. He will be met there by a subcommittee headed by the chairman of the reception committee, Governor Folk of Missouri. He will be welcomed by Acting Mayor McGowan on behalf of the city of New York. Six carriages will accompany the carriage carrying Colonel Bryan, which will be preceded by an escort of mounted police. In carriage No. 1 will be Colonel Bryan, Governor Folk, Mayor McGowan, William Hoge, while Tom L. Johnson, Alexander Troup, Mayor Dahlgren of Omaha, Mayor Fitzgerald of Boston, Comptroller Metz, William Sulzer, Henry George, Jr., Bird S. Coler, Charles F. Murphy, O. H. P. Belmont, Lewis Nixon and other prominent Democrats will follow in other carriages.

Arriving at the hotel, a special committee consisting of five members of the reception committee from each state will receive Colonel Bryan. Then will follow the general reception, after which Colonel Bryan will spend the time in informal discussions until 7 o'clock, when he will retire to his private apartments to make ready to go to the garden at 7:45 o'clock.

It has been arranged, in order to accommodate those unable to gain admission to the garden to hold an overflow meeting in Madison Square park. Other speakers will be J. B. Dahlgren, mayor of Omaha; D. N. Fletcher of Florida, Governor Robert N. Glenn of North Carolina, Ex-Governor William S. Jennings of Florida, Congressman Henry M. Goldfogle of New York and Senator Thomas F. Grady of New York.

Hearst a Candidate.

New York, Aug. 29.—William Randolph Hearst said when asked whether he would accept the nomination for governor of the Democratic conven-

tion: "I will be the candidate of the Independence league if I run, but I certainly shall not object to the Democrats or others voting for me."

EVIDENCE OF MURDER.

Minnesota Man Supposed to Have Been Killed for His Money.

Minneapolis, Aug. 29.—Murder with robbery as its motive is indicated by evidence presented in an inquest here regarding the death of Charles E. Anderson, whose body was found on the night of Aug. 14 lying on the street railway company's tracks near Hopkins. But in the absence of direct proof of murder the jury returned a verdict that Anderson came to his death by being run over by a car between 11 and 11:30 o'clock on the night when his body was found on the tracks. There was convincing evidence that the man had been run over by a car, as he was lying across the tracks and both both legs were severed where they crossed the rails.

Dr. William Russell, in his testimony relating to the post mortem examination of Anderson's body, said that the skull had been fractured, apparently by a blow from some small, sharp instrument, and that in his opinion it was the wound that caused death.

Prominent Physician Killed.

Sedan, Kan., Aug. 29.—Dr. E. M. Donelson, aged sixty years, a prominent physician of Cedarvale, was shot and killed at that place by Frank Pattison, son of a druggist. Pattison had, by his testimony, defeated Donelson's application for a renewal of a permit to sell liquor in his drug store. They quarrelled and the killing resulted.

Fifteen Hotels Raided.

Chicago, Aug. 29.—Raids on fifteen hotels were made by the police Tuesday night and their proprietors, managers and employees to the number of nearly 100 were arrested. The inmates of the hotels were ordered from their rooms and the places closed, and placed in charge of the police.

Defeat for Tillman.

Columbia, S. C., Aug. 29.—Scattering returns from Democratic primaries indicate that M. F. Ansel will lead the ticket for governor, with Richard Manning and Cole L. Blease close together for second place. The election of Ansel means defeat for the state dispensary and Senator Tillman.

Oldest Mason in the World.

Rockford, Ill., Aug. 29.—Otis Eddy, the oldest living master Mason in the world, celebrated the 102nd anniversary of his birth here Tuesday. Mr. Eddy became a Mason more than eighty years ago.

Orphans Released.

New York, Aug. 29.—All but two of the thirty Jewish orphans ordered deported by the Ellis Island authorities have been released from the immigration station under orders from the department of commerce and labor at Washington.

The city has its church and other male quartettes, but has no large male chorus singing English. Hugo Kartz, W. J. F. Miller and J. A. Hoffbauer are endeavoring to get the singers together to supply this deficiency in the musical life of the city. It is proposed to have the first session of the chorus club in September at Baker's hall.

Rev. A. Nelson returned last night from Escanaba, Mich., where he had been attending the annual conference of the Swedish Methodist church. He has been reappointed to this charge for a second year. His field has been changed somewhat, however, and now includes Brainerd and Aitkin instead of Brainerd, Little Falls and Melba. The latter places will hereafter be a charge by themselves.

The Aitkin Age says Contractor C. B. Rowley, who is building a Catholic church at that place, had a serious misfortune Saturday morning that will delay the work for a time and cost considerable money. In placing one of the heavy timber trusses to support the roof, a rope broke and the truss fell against another truss in place, and both struck the south gable with such force as to knock over a portion of the masonry and spring considerable more that will have to be taken down.

The Germania Maennerchor entertained Monday night August 14, of Buckley, Illinois, a brother of Richard and Conrad Isle. Mr. Isle is a heavy land owner in southern Illinois, where land is worth \$150 per acre and where farming and the rotation of crops is necessarily carried on in the most scientific manner. He states that \$1,200 a year can be cleared from a 40 acre tract when properly farmed. He is favorably impressed with Brainerd and its surrounding, and will visit here with his brothers whom he has not seen for 20 years.

AMUSEMENTS

Manager Walker, of the Brainerd opera house, announces as the opening attraction of the theatrical season of 1906-7, Richard Carle's merry musical melange, "The Maid and the Mummy" which is billed to appear Thursday evening, Sept. 6. This attraction was one of the great big hits of last season. The author, who also is responsible for "The Tenderfoot" and "The Mayor of Tokio," was happy in the choice of his materials when he wrote, "The Maid and the Mummy" and he was also happy in his coin choice of composers, for Robert Hood Bowers has written some of the catchiest airs for this musical piece that have been heard for many seasons on the light opera stage. This merry entertainment made its great, success at the New York theatre, duplicating its hold upon the public in Boston and in fact wherever it was presented. The story of "The Maid and the Mummy," which is in two acts, deals with a theatrical actor-manager, Washington Stubbs, and his property man, Bolivar. A Scientist, Mr. Dobbins, goes to Stubbs, searching for a mummy upon which to experiment with his life giving elixir. Stubbs palms off Bolivar as a mummy, and the results when the scientist begins to experiment, may well be imagined. Incidental to this story there is the story of Dr. Bobbins, Flo, and Romo de Cabanos, a wealthy Brazilian.

Among the seventeen song hits the greatest are "Peculiar Julia," "I fell in Love With Polly," "My Gasoline Automobile," "Flo," "Oh, Gee, It's Great to be Crazy" and "Sad Experiences."

The company is large and exceptionally brilliant, among the twenty principals being Elizabeth Spencer, Florence Chambers, Selma Harris, Fred Warren, Edward Groh, Edward Beck and Earl Dewey. Of equal importance is the chorus of thirty girls, which has much to do with the singular success of this

entertaining performance. Each one of the girls has been chosen with regard to beauty and ability, and it is doubtful if there is a prettier, livelier or more capable chorus on the stage than the one that is to be seen with "The Maid and the Mummy."

MOVING THEIR OFFICES

Shift Made in the Office Rooms at the Minnesota & International General Offices in This City

There has been a shifting in the general offices of the Minnesota & International railroad in this city. The chief clerk to the general superintendent has long been crowded for room and the quarters of that office have been changed to the room formerly occupied by the engineers, just west of the chief dispatcher's quarters. The engineers will occupy the rooms formerly occupied by the chief clerk.

What a New Jersey Editor Says

M. T. Lynch, of the Phillipsburg, N. J., Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." H. P. Dunn & Co. eoddw

YOU WILL NEED AMMUNITION.

An 18 inch target made with our shells showed 300 No. 6 shot at 320 feet and 22 No. 6 shot at 430 feet. Can you beat it with any trust ammunition? And we can make you special prices on these shells as our manufactures are not in the trust. Let us figure with you. Our line of guns is complete from the New Celebrated Automatic down to a shot gun for \$4.00.

GOVERNMENT'S POLICY.

Will Work Out Problems In Its Own Way Despite Opposition.

St. Petersburg, Aug. 29.—In view of suggestions in the foreign press regarding the coming policy of the government founded on rumors current here, it is semi-officially stated that it would be a great mistake to suppose that revolutionary terrorism will be met by terrorism on the part of the government, which always will be able to distinguish between legal opposition and enemies determined to nullify the law, whether by propaganda or by passive resistance. A propaganda has its own means of struggling, whether through the press or by meeting; but disturbances of order will be prosecuted sternly, whatever ideas are professed. The government has sufficient means, the statement continues, of suppressing illegal acts; but suppressing is not the only aim, the first problem being the preparation of bills to be presented in parliament for the settlement of pressing questions in a legal manner. The statement concludes as follows: "Revolutionaries may try to destroy the work of the government, but finally they must fall as the government cannot refrain from the fulfillment of reforms simply because one statesman or another may be replaced."

IN SPIKE OF THREATS.

General Min's Body Taken From Peterhof to St. Petersburg.

St. Petersburg, Aug. 29.—In spite of the threats of the revolutionists, the transfer of the body of General Min from Peterhof to St. Petersburg for interment in the regimental chapel of the Semenovskiy regiment took place without incident, though with imposing ceremonial. The body arrived here late Tuesday afternoon, its departure from Peterhof having been preceded by another religious service at Peterhof, at which the emperor, empress and Grand Duke Nicholas again participated. The casket was escorted to the barracks here by the entire Semenovskiy regiment and by deputations from other guard regiments.

Crowd Overswms Police.

Saratov, Aug. 29.—The police Tuesday attempted to arrest M. Dietz, a member of the outlawed parliament, in the village of Kamulshin. An alarm was sounded on the church bells and a crowd gathered and became so threatening in its attitude that the police agreed, instead of taking M. Dietz to prison, to consider it a domiciliary arrest.

Succeeds General Skallon.

London, Aug. 29.—The Standard's Warsaw correspondent telegraphs that General Rennenkampf has been appointed successor to General Skallon, governor of Warsaw.

Estates Pillaged.

Brest Litovsk, Aug. 29.—Agrarian disorders have begun in adjacent districts. There has been much barn burning and pillaging of estates.

World's Record Broken.

Butte, Mont., Aug. 24.—The world's running record for three-eighths of a mile was broken at the races held here Thursday, Atoka negotiating the distance in :33 1/4.

Dies of Her Injuries.

Minneapolis, Aug. 27.—Mrs. G. A. Ronbeck, who was burned on Friday in a gasoline fire at her home, 99 South Eleventh street, died of her injuries at the city hospital. After she arrived at the hospital Mrs. Ronbeck became unconscious, and for a greater part of the time she remained in a comatose condition. Just before she died she rallied somewhat and was able to speak a few words to her husband.

Husband and Wife Injured.

Pittsburg, Aug. 27.—A. L. Richmond and wife of this city were brought here Sunday night, each with a broken arm and other injuries received in an accident to the automobile in which they were returning from Cleveland. Mr. Richmond will recover but his wife received fatal internal injuries. The steering gear broke, causing the car to plunge over an embankment.

POSTPONED HIS JOURNEY.

Walter Wellman Will Not Start for North Pole This Year.

Hammerfest, Norway, Aug. 29.—The following dispatch was received here Tuesday from Walter Wellman, leader of the Wellman-Chicago Record-Herald polar expedition, at Spitzbergen:

"I have decided not to attempt a voyage northward this year on account of defects in the mechanical equipment of my airship. According to the announcement made last winter in anticipation of such possibilities, the expedition will continue next year. My party is now completing a great balloon house and other features of the plant and making experiments with a view to the campaign of 1907. This year will be one of preparation and the next will be one of action. Our confidence of success in 1907 has been increased by this summer's work and by our weather observations. The motors work well and the balloon is in good condition, but the car and mechanical equipment will be entirely rebuilt in Paris during the winter. The expedition will arrive here next May and will find everything ready. This year the whole summer has been consumed in building the plant. I shall return to Europe the middle of September, leaving a small part of our force here to guard our headquarters."

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure the local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Cathartic Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 7c. Take Hall's Family Pills for constipation.

Army Record Broken.

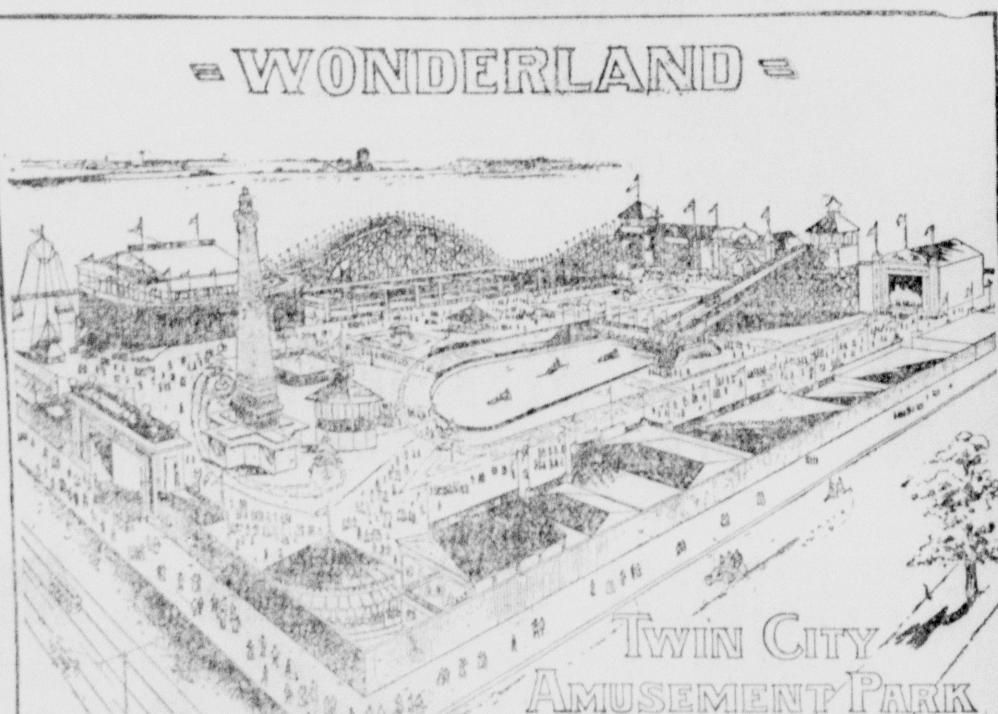

Chicago, Aug. 29.—The army pistol competition at Fort Sheridan closed Tuesday. Captain Cole of the Sixth cavalry won first place in team and broke the record in army pistol competition, scoring 287 points out of a possible 300. The best previous record was 256, held by Corporal Robinson of the Ninth cavalry.

Men Past Sixty in Danger

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Address: H. P. Dunn & Co. eoddw

Killed by a Live Wire.
